plot

plotQC

plotPCA - QC metrics

plotPCA - expression
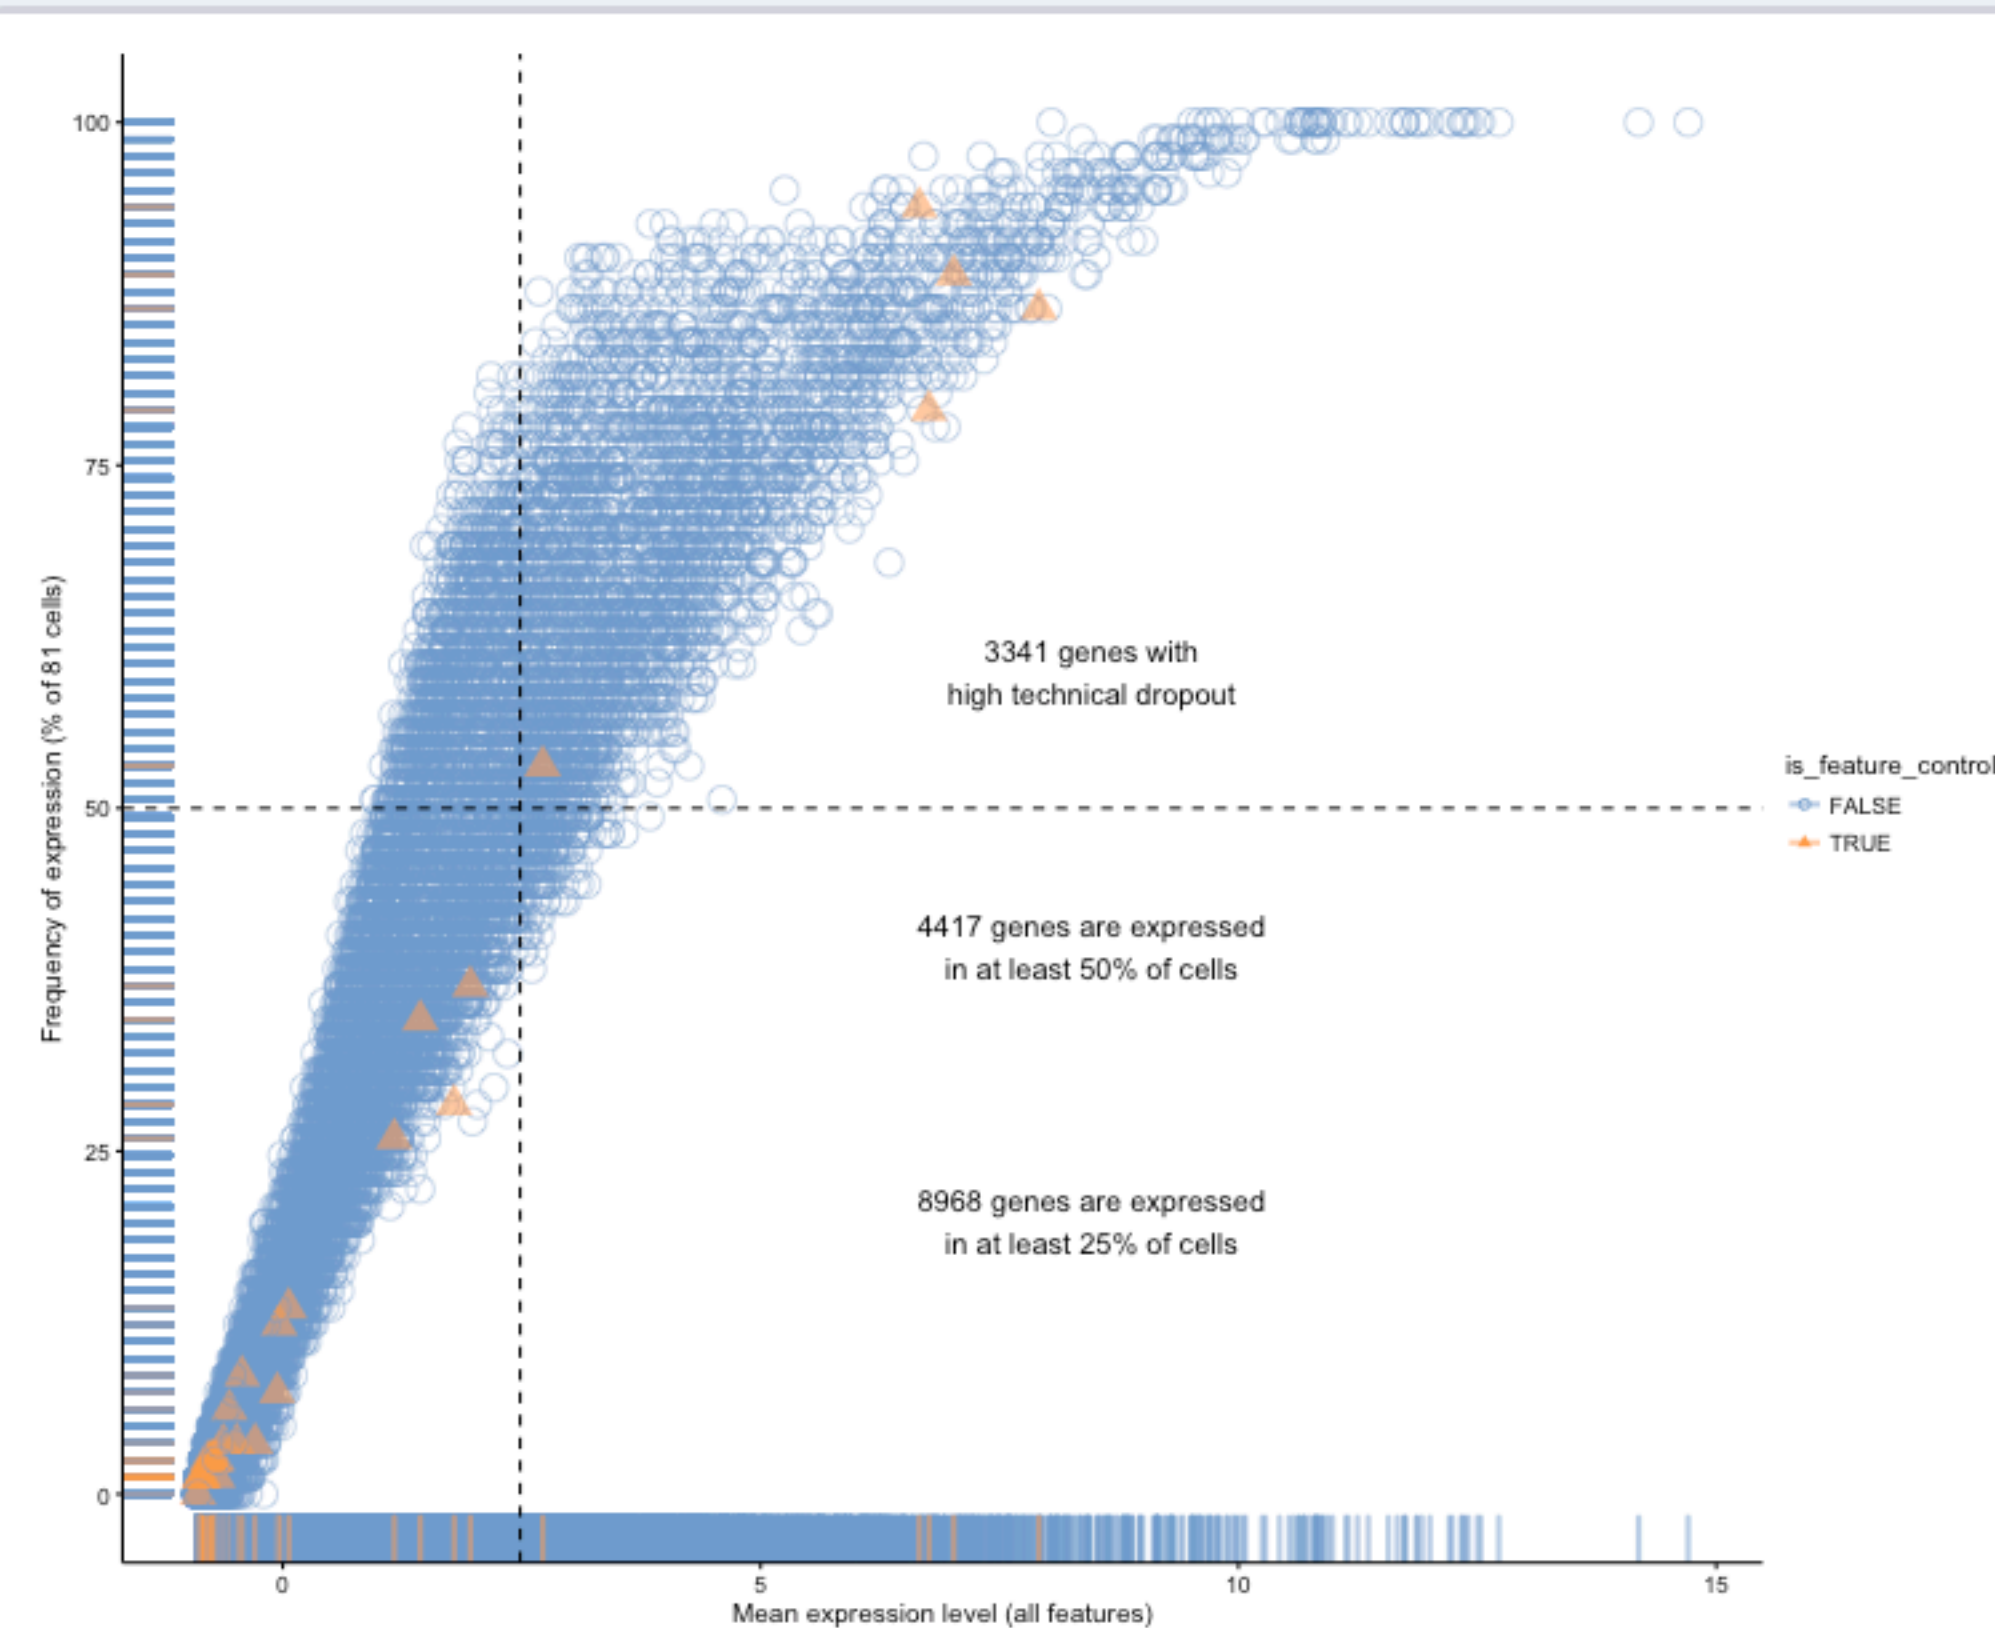

plotTSNE

plotDiffusionMap

plotExpression

General plots

highest-expression shows features with highest expression
explanatory-variables shows a set of explanatory variables plotted against each other, ordered by marginal variance explained
exprs-mean-vs-freq plots the mean expression levels against the frequency of expression for a set of features

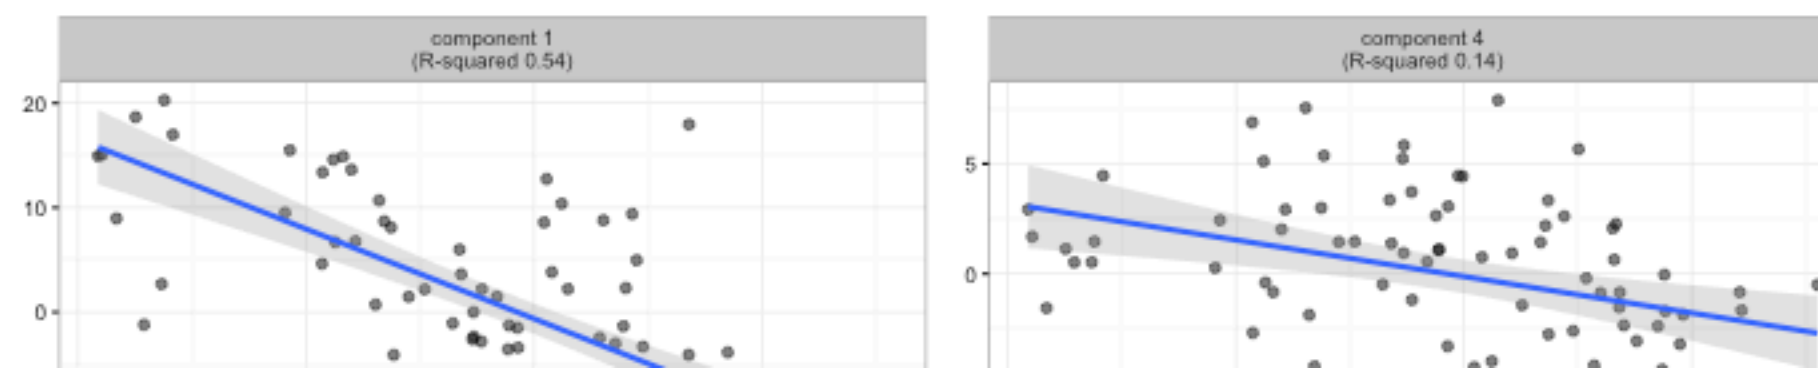

Choose a type of QC plot
- ◯ highest-expression
- ◯ explanatory-variables
- ⦿ exprs-freq-vs-mean

Find PCs

This plot shows the most important principal components for a given variable

Choose a variable of interest
- ◯ sample_type
- ◯ c1_machine
- ◯ c1_capture_site
- ◯ cdna_recovered_in_ng_per_ul
- ◯ total_counts
